# What is BitWise?

#### BitWise™ AV Control

- "BitWise Controls" = former brand acquired by Leviton
- AV Component control and automation
  - Press one button on the iPad to turn on appropriate AV devices, lower lights, adjust temperature, etc.
  - Scalable from a single-room to an entire home or building

#### **23 Product SKUs Available Now:**

- Controllers
- RF Remote Controls
- Free iOS and Android Apps
- Templates (GUI's)
- Modules (pre-configured)
- OmniTouch 7 Touchscreen
- Project Editor Software v. 1.9
- Accessories
  - Wi-Fi Adapter
  - IR Learner

#### BitWise™

Control your AV equipment from your smartphone or tablet!

Automate based on time or event.

# **BitWise Features and Benefits**

- Cost-effective alternative to high-priced control systems
- Innovative products that are customizable, scalable, reliable, and technically advanced

#### Fully customizable GUI packages

- Easy drag-and-drop programming
- iOS and Android user interface compatibility
- No app fees OR per device license fees
  - Some competitors charge for the app, others charge for each access point

#### Templates and Modules for easier and faster system design

BitWise Controls is now part of Leviton!

# **Basic Single Room Topology**

# Multi-Room/Zone Topology

# LEVITON

# What Products Comprise the BitWise Family?

#### Automation Controller Part Numbers

Leviton Part Number	Description
000-BWBC1-000	BC1, US Power Supply, 8 IR ports, 4 RS232, 4 GPIO, 4 Relays, 1 IR input
005-BWBC1-0NT	BC1, Intl Power Supply, 8 IR ports, 4 RS232, 4 GPIO, 4 Relays, 1 IR input
000-BWBC2-000	BC2, US Power Supply, 4 IR ports; 2 RS232; 2 GPIO; 2 Relays
005-BWBC2-0NT	BC2, Intl Power Supply, 4 IR ports, 2 RS232, 2 GPIO, 2 Relays
000-BWBC4-000	BC4-BCX-1 PRO, US power supply, BW BC4 with 4 IR ports, GPIO, RS232
005-BWBC4-0NT	BC4-BCX-1 PRO, Intl Power Supply, 4 IR ports, GPIO, RS232

#### **Accessory Part Numbers**

Leviton Part Number	Description
000-BWWFA-000	Wi-Fi Adapter with External Antenna (BC1/BC2)
000-EN928-000	Single Head Flashing IR Emitter
000-BWEM2-000	Dual Head Flashing IR Emitter
000-BWIRI-000	IR Receiver Module
000-BWIRL-000	IR Learner
000-BWDPS-000	US Power Supply, 12V
000-BWIPS-000	International Power Supply, 12VDC
000-BWDBF-000	DB9 Female-RJ45 Female Adapter
000-BWDBM-000	DB9 Male-RJ45 Female Adapter
000-BWEAR-000	BC2 Rack Ears
000-BWIRA-000	Adapter for connecting a BC-1 IR In port to a Distributed IR system

# What Products Comprise the BitWise Family?

#### Touchscreen and App Part Numbers

Leviton Part Number	Description
021-TS901-000	PoE Power Injector with A/C Cord
021-99A00-001	OmniTouch 7 Touchscreen, White
021-99A00-002	OmniTouch 7 Touchscreen, Black
Available in iTunes/Google Play Store	BitWise Touch App (iOS or Android)

#### **Remote Control Part Numbers**

Leviton Part Number	Description
000-BWRMT-000	RF Remote Control
000-BWRRR-000	RF Remote Control Receiver

# **BC4 Controller Features**

- 5 IR Ports (4 3.5mm Jacks and 1 blaster)
- 12V DC Constant Power Output
- 2 SPDT Relays (rated for 2A @ 30VDC)
- 2 General Purpose Input Outputs (GPIO)
- 1 RS-232 Bi-Directional Serial Port
- 12VDC External Power Supply (Included) or Power Over Ethernet (POE)

# **BC4 Control Overview**

# **BC2 Controller Features**

- 5 Assignable IR Outputs (4 Adjustable 3.5 mm Jacks and 1 blaster)
- 2 SPDT Relays (rated for 2A @ 30VDC)
- 12V DC Constant Power Output
- 2 Analog to Digital Converters
- 2 RS-232 Bi-Directional Serial Port
- Scheduled Tasks

# **BC2 Control Overview**

# **BC1 Controller Features**

- 9 Assignable IR Outputs (8 Adjustable 3.5 mm Jacks and 1 blaster)
- BC-IRI Built-In
- 4 SPDT Relays (rated for 2A @ 30VDC)
- 12V DC Constant Power Output
- 4 Analog to Digital Converters
- 4 RS-232 Bi-Directional Serial Port
- Scheduled Tasks
- 2 USB Ports
- Rack Mountable (ears included)

# **BC1 Control Overview**

# **OmniTouch 7 Touchscreen**

#### Available in Black and White

- Dedicated Control:
  - "Always there, Always on"
- Table top stand coming soon!

#### Applications:

- In-wall for retail/restaurant
- Table-top for board/conference rooms
- Same SKU as Omni and Gateway, distributors stock 1 product

# **BitWise Touch: iOS and Android Apps**

- **iOS and Android Available**
- Customizable Graphical User Interface (GUI)
- Use Templates or start from scratch!
  - Purchase in BitWise Online Store
  - Five template packages available
    - Push
    - Euro
    - Fusion
    - Innovate
    - Xenon

# **RF Room Remote Control**

#### RF Room Remote

- RF Communicates with controllers via RF-RS232 receiver
  - No IR; does not require line of sight
- Drag/drop programming
- Up to 255 unique RF addresses can be used

#### **RF Receiver**

- RF receiver must be connected to BC1, BC2 or BC4\*
- Can use multiple remotes w/single RF receiver
- Multiple RF receivers can be used throughout install

\*BC4 Supports one remote only.

# **Bitwise Project Editor Setup Software: Overview**

- PC, Windows software for programming and GUI configuration
- Free download for installers for their staff (not to be distributed to end-users)
  - Protected executable file, must register as an installer
- Download Available via BitWise Support Center
  - Leviton.com/BitWise to access and register
  - Chris Zuccaro will see application and approve

# **BitWise Setup Software: Project Workflow**

# Modules

- Single files that combine device programming and pre-configured GUI content.
- The drag-and-drop functionality in Project Editor's Module Browser makes installation and two-way features a breeze.
- GUI elements are pre-programmed
- Modules and be updated by dragging the updated module onto the existing one.
- Can still be customized to match the look and feel of the project.

# Why was this Brought to Market?

- Leviton was OEM'ing one BitWise product, the BC4, and rebranding as "HTX" and then "HTX2".
- In September 2014, Leviton acquired BitWise Controls with announcement made at CEDIA Denver, in their backyard.
  - Principal Designer and Engineer now employed by S&A for ongoing projects, development, and support.
- Product set aligns with home/building automation growth and can be used stand-alone or tied into Leviton's comprehensive control systems.

Affordable, powerful control system that's AV focused with customizable interfaces, items S&A desired to have in our portfolio

#### Leviton Acquires BitWise Controls

Superior Audio/Video Automation Manufacturer

# What are the Top "Talking Points?"

#### Innovative, Intuitive, and Easy to Integrate solution

- Easy to use for both integrators and end-users
- Free programming software

#### Simplified App-based control using iOS and Android Devices

- Customizable interfaces
- No per device or per job licensing fees
- Now, Leviton OmniTouch can be used for "always there, always on" dedicated control

#### Scalable to the job with three controller models that can be linked together

- BC4: Entry-level, single-room systems like theaters and small boardrooms
- BC2: Adds additional inputs and outputs including optional Wi-Fi capability
- BC1: Full-width in AV rack, manages virtually any automation task

#### Manufactured and supported by Leviton with ongoing development

# Where are they Used?

#### Powerful and flexible products for expanding control systems markets:

#### Commercial

- Conference/Boardrooms
- Classrooms/Education
- Restaurant/Bar
- Houses of Worship

#### Residential

- Home Theater
- Whole House

#### BitWise™

BitWise™

and home theater.

BitWise™

Dedicated Touchscreen Control Award-winning

OmniTouch 7

De-clutter your coffee table. Use the intuitive, convenient RF remote with excellent range!

BC1, BC2, and BC4 Controllers

Solutions for retail, restaurant, office,

-

# **BitWise FAQs**

#### What Devices Can I Control with BitWise Systems?

• If a device can be controlled via IR, RS-232 or IP - we can most likely control it.

#### How many smart devices can I have within my system.

• As many as you'd like. With no license fees for extra devices.

#### How can I control the system?

• iOS, Android, OmniTouch 7, RF Room Remote

#### What Agency Approvals and Compliances do the Modules Feature?

• BC1, BC2, BC4, Room Remote, and Receiver have FCC, CE and C-Tick approvals

# **Boardroom/Conference Room Case Study**

# Boardroom.

When Integrated Communications won a two-year contract with Durham County to automate their office building, they knew it would be a challenge. There were more than 20 conference rooms, and each one required a different set-up. The county government's needs ranged from simple televisions with tabletop connections in some rooms, to complex designs in others that included 80inch displays with sound reinforcement and education training recording systems.

When Integrated Communications presented several automation options, Durham County officials selected Leviton because of its flexibility and ease of use. Staff members were delighted to learn they could control a complex system with nothing more than a tablet and an app.

"Leviton has enabled us to give the customer one iPad to control the entire Durham County AV system from any location in the campus." - Jonathan Rigsbee, Integrated Communication Services, Inc.

From a single, easy-to-use control app, end-users can manage every aspect of lighting, AV, room temperature, and more for their business - even if there's more than one location.

#### WHY CHOOSE LEVITON?

Leviton's BitWise line offers powerful automation controllers, a vast array of GUIs for a completely customizable app interface, and our easy-to-use, no-coding-required Project Editor software. What else could you want? How about:

- No per-device or per-job licensing fees.
- Controllers that are assembled in the United States to ensure the highest standards of quality and reliability.
- Award-winning technical support for when questions arise about tough installs.
- Limitless scalability.
- Apple and Android control apps that are not only free, but can also control more than one location's system on a single device.
- From a single, easy-to-use control app, end-users can manage every aspect of lighting, AV, room temperature, and more for their business - even if there's more than one location.

CAT. NO.	SOLUTIONS PACKAGE:	
BWBC1	-	LEVITON BITWISE (BC1) The BC1 is a powerful audio/video automation controller capable o handling virtually any automation task.
BWBC2		LEVITON BITWISE (BC2) The BC2 has all the processing power of our BC1 controller, but in a mid-sized form factor.
BWBC4	the second	LEVITON BITWISE (BC4) The BC4 is perfect for basic single-room solutions, or as and expansion controller in larger projects.

# **Classroom/Education Case Study**

#### BitWise Earns an A+ in The Classroom.

When Nanpeng Technology snapped up the coveted contract for a brand new college campus in Hong Kong, they knew they were expected to install the best and most reliable automation technology available.

That's why they took advantage of the flexibility of the Leviton BitWise controllers to complete the project. They used BitWise BC1 and BC4 controllers in 21 classrooms, setting them up to control the projector, projector screen, Blu-ray player, presentation switcher, lighting system, volume control, and the system power in each room. They used an additional Leviton BitWise controller to monitor the status of every room's technology, and automate the system shutdown each day. Now it's easy for instructors to give multimedia presentations, and simple for system administrators to monitor technology and energy usage.

The size and complexity of the project was daunting, but the Nanpeng Technology team is convinced BitWise was the right choice. "Network communication was very critical to this project." Vincent Chen, Nanpeng's programmer, explained, "BitWise provided a great platform for us."

From a single, easy-to-use control app, end-users can manage every aspect of lighting, AV, room temperature, and more for their business - even if there's more than one location.

"We had confidence that BitWise could fulfill project needs, and it did." - Simon Tsol, Chief Technology Officer at Nanpeng Technology

We make it easy on our integrators (and their clients) in the boardroom. Ask us how you can get started.

#### WHY CHOOSE LEVITON?

Leviton's BitWise line offers powerful automation controllers, a vast array of GUIs for a completely customizable app interface, and our easy-to-use, no-coding-required Project Editor software. What else could you want? How about

- No per-device or per-job licensing fees.
- Controllers that are assembled in the United States to ensure the highest standards of quality and reliability.
- Award-winning technical support for when questions arise about tough installs.
- Limitless scalability.
- Apple and Android control apps that are not only free, but can also control more than one location's system on a single device.
- From a single, easy-to-use control app, end-users can manage every aspect of lighting, AV, room temperature, and more for their rooms or campus - even if there's more than one location.

CAT. NO.	SOLUTIONS PACKAGE:	
BWBC1	-	LEVITON BITWISE (BC1) The BC1 is a powerful audio/video automation controiller capable of handling virtually any automation task.
BWBC4		LEVITON BITWISE (BC4) The BC4 is perfect for basic single-room solutions, or as and expansion controller in larger projects.

# **Hospitality (Restaurant) Case Study**

# Hospitality.

When Doug Harbert of Harbert Home Systems landed a contract to automate a trendy local restaurant, he knew he wanted to give them more than a remote to control their music and televisions. He planned to give them a system that was reliable, scalable for the future, and included tools that could immediately improve their business.

Harbert selected a Leviton BitWise BC4 controller for AV management for Tavem 109. A new restaurant housed in a historic building, it was important to the establishment's owners that the control system reliably automate TVs and sound equipment without jarring the historical sense of the building. Harbert wall-mounted the BC4 in an out-of-sight cabinet to make the automation system seamless to patrons, set up an iPad to control the entire restaurant. and customized the control interface to match Tavem 109's branding. Now employees can switch TV stations, change the music, and show daily menu specials from one tablet, and Harbert is able to scale the restaurant's system as their needs grow.

From a single, easy-to-use control app, end-users can manage every aspect of lighting, AV, room temperature, and more for their business - even if there's more than one location.

"The staff interacts with the iPad, and it was just about half an hour in terms of system education. I really only had to teach them the interface. They're off and running after that." - Doug Harbert, owner of Harbert Home Systems

> We make it easy on our integrators (and their clients) in the hospitality industry. Ask us how you can get started.

# House of Worship Case Study

It's cost-effective. Leviton BitWise offers competitively-priced controllers that can schedule events by time of day as well as by sunrise and sunset. This feature can be used with HVAC and lighting systems for significant savings.

It's reliable. Leviton BitWise products are backed by 20 years of mission-critical control experience, and are trusted globablly with managing vital functions.

It's easy to use. Leviton BitWise systems are controlled using intuitive apps on Apple and Android phones and tablets - devices with which both staff and volunteers would almost certainly be familiar.

Lights, shades, sound systems, video, screens, microphones, HVAC systems...and costs. All of a house of worship's automation needs can be easily managed with BitWise Controls.

> We make it easy on our integrators (and their clients) supporting houses of worship. Ask us how you can get started.

From a single, easy-to-use control app, end-users can manage every aspect or lighting, AV, room temperature, and more for their business - even if there's more than one location.

## **Home Theater Solutions Sheet**

**Features and Benefit** 

- Stand-alone operation when combined with free BitWise Touch app
- Control from iPhone, iPad, or iPhone Touch
- Use serial, digital, and infrared (IR) ports, as well as relays to control home theater equipment
- Includes a built-in IR library of over 300,000 IR codes
- Free Project Editor software package, which allows full interface
- customization of layouts, buttons, fonts, colors, and macros

BitWise Touch App	Existing Home Theater Equipment TV DVD Blu-Ray Projector Screen Audio System System Motorized Shades Editon Powerd by JB. Speakers	
Solution Package	BitWise Automation Controller (BWBC4) The BitWise Automation Controller (BWBC4) provides a stand-alone option to control your existing audio and video equipment in your home theater, when using the free BitWise Touch app. Control AV equipment, motorized screens, window coverings, lighting, and other components to your home theater by using the BWBC4 serial ports, IR ports, VO ports, and relays. Easily add audio and video components with the built-in AV Library of over 300,000 IR codes or add new codes with the IR Learner. Add IR Flashers (ENO28) that attach to the IR Receiver of any AV equipment you wish to control. BitWise Touch App (Available in Tunes Store) When used with the BWBC4 controller, a free IOS app for iPhone/iPad/IPod Touch Can be used to control your home theater equipment. Default templates are provided Dvite Editor software. The	
Periodi	software package includes an attractive standard interface and allows for full customization of layout, buttons, fonts, colors, and macros. <b>Hi-Fi 2 Distributed Audio System</b> : Amplifier (4x4 - 95A02-3) (8x8 - 95A01-1) Share music and TV audio via Bluetooth (95A04-2) with built-in speakers for a clean, professional appearance. Ensure guests never miss a play of their favorite sporting event or a beat of their favorite tune. The BitWise Automation Controller and Hi-Fi work right along side one another, where the BWBC4 controls the source, and the Hi-Fi shares the audio from that source. A free Hi-Fi 210S app exists for control of source/zone. Add Volume-Source Control stations (95A03-1) and Remote Input Modules (95A04-1) for adde convenience.	
	Leviton Architectural Edition Powered by JBL Speakers Leviton / JBL Speakers are an excellent choice for front home theater installations as well as the best choice for surround-sound use. Their Elliptical Oblate Spheroidal" (EOS") Waveguide improves high-frequency sound dispersion allowing the speakers to generate a sharply focused sound field for precise soundtrack imaging. In-Wall (AEI65, AEI80, AEI55). In-Ceiling (AEC65, AEC80, AEM65). Subwoofer (AESUE)	
	Leviton Spec Grade Speakers When the specs call for quality sound, rely on Leviton's award-winning Spec Grade Sound indoor speaker line for technical innovation and value. In-Wall (SGI65-W).
